RE: Welcome to the AHRI AHU Certification Program for OEM

S.P. Wong,

AHRI is pleased to welcome Superior Make Aircon Refrigeration Tech Sdn Bhd to the Central Station Air-Handling Units (AHU) Certification Program as an Original Equipment Manufacturer (OEM). The AHRI Certification Programs are accredited by the Standards Council of Canada to ISO Guide 65 as a Type 4 certification system. Your certified listings will appear on AHRI's Directory of Certified Product Performance (Directory) and you may claim products listed in the Directory as "AHRI Performance Certified" while maintaining compliance to the enclosed Certification Agreement.

For direct application of certification marks to units, labels need to be obtained through AHRI. You have the option of obtaining an electronic version of the certification mark which can be incorporated into the unit nameplate or printed product literature. Instructions on the proper use of the electronic logos may be found in the AHRI [Brand Usage Manual](#). Please contact Cheron Scott, Manager, Certification Administration, at (703) 524-8800, or via email at cscott@ahrinet.org, to request labels. AHRI has developed the AHRI [Certification Marketing Toolkit](#) to help you promote your designation. The toolkit is comprised of a variety of materials to be used at trade shows and in other marketing endeavors. AHRI also will include your logo in its own certification program marketing. Please send your high-resolution vector file to mcardenas@ahrinet.org at your earliest convenience.

Lauren Zelinski is the AHRI Certification Engineer responsible for the Central Station Air-Handling Units Certification Program. For program specific questions, please contact Lauren Zelinski at 703-600-0389, or via email at lzelinski@ahrinet.org. You may also contact me at (703) 600-0329, or via email at snanjundaram@ahrinet.org, if you require further assistance.

Again, welcome to AHRI's AHU Certification Program!

Sincerely,

Sunil Nanjundaram
Director, Certification Programs
